TUITION RESTRAINT REPORTING FORM

Institution: The University of Michigan - Dearborn Campus

Pursuant to PA 15 of 2025, Section 241c of the fiscal year 2026 higher education appropriations bill, please fill out this form and return to the State Budget Office, House Fiscal Agency, Senate Fiscal Agency, and the House and Senate Appropriations Subcommittees on Higher Education by **November 3, 2025**.

As per **PA 15 of 2025**, Section 241c: "**Tuition**" and "**fee**" amounts are based on 30 credit hours.

- "**Fee**" means any board-authorized fee that will be paid by more than 1/2 of all resident undergraduate students at least once during their enrollment at a public university, as described in the higher education institutional data inventory (HEIDI) user manual. A public university increasing a fee that applies to a specific subset of students or courses shall provide sufficient information to prove that the increase applied to that subset will not cause the increase in the average amount of board-authorized total tuition and fees paid by resident undergraduate students in the academic year to exceed the limit established in this subsection.

- "**Tuition and fee rate**" means the average of full-time rates paid by a majority of students in each undergraduate class, based on an unweighted average of the rates authorized by the public university board and actually charged to students, deducting any uniformly rebated or refunded amounts, for the 2 semesters with the highest levels of full-time equated resident undergraduate enrollment during the academic year, as described in the higher education institutional data inventory (HEIDI) user manual.

A university must limit tuition and fee increases to 4.5% or $735.00, whichever is greater. This form should not be returned until after the governing board has set tuition and fee rates for the 2025-2026 year.

1. The university certifies that it has not adopted and will not adopt an increase in resident undergraduate tuition and fee rates for the 2025-2026 academic year greater than 4.5% or $735.00, whichever is greater. Answering "No" will make the institution ineligible for the one-time operations increase funding included in the 2025-2026 year.

☒ **Yes** ☐ **No**

2. Please fill in the following measures for resident undergraduates according to the above definitions:

2024-25 full-year tuition:	$17,115
2024-25 full-year fees:	$400
Total:	$17,515
2025-26 full-year tuition:	$17,715
2025-26 full-year fees:	$400
Total:	$18,115

*For a university that compels resident undergraduate students to be covered by health insurance as a condition to enroll at the university, "fee" includes the annual amount a student is charged for coverage by the university-affiliated group health insurance policy if the student does not provide proof that they are otherwise covered by health insurance.

Percent change in tuition & fee rate:	**3.43%**
Dollar change per student in tuition & fee rate:	**$600**

I certify that the information given above is accurate to the best of my knowledge.
