Fully On Campus Work Primarily, if not entirely, on campus

Hybrid Work: with a consistent weekly split between on campus and off campus

In the field, remote or on-campus as needed

Daily work not student facing, works remote, share space with defined on campus presence for collaboration and team building

*Fully Remote reflects that the day to day work can be completed effectively remotely, but all areas will have some on campus expectations, such as weekly collaboration/training, and to be on campus to support events and other activities. Would also include periodic in-person trainings and meetings to facilitate collaboration as defined by each supervisor

Effective 07/03/2025
