

Arabic Translation Certificate Goals (2020)

The Arabic Translation Certificate is a Stand-Alone certificate that aims at providing learners with training in four main areas of translation:

- 1) Document translation of major genres such as legal, business, medical, news, and literary translation.
- 2) Simultaneous interpreting in conferences and public talks.
- 3) Consecutive interpreting in interviews, medical appointments and similar situations.
- 4) Subtitling of audio-visual material such documentaries, commercials, campaigns, films, and songs
